

# Marcus Johnson

m.johnson@university.edu | (555) 123-4567 | Columbus, OH

---

## EDUCATION

### Master of Science, Biology

State University | 2020 – 2022

- Thesis: "Expression patterns of inflammatory markers in mouse tissue"

### Bachelor of Science, Biology

Community College → State University (Transfer) | 2016 – 2020

## EXPERIENCE

### Research Technician II

University Medical Center, Dept of Pathology | 2022 – Present

- Maintain cell culture facility and support 3 research labs
- Perform routine immunohistochemistry and Western blots
- Assist graduate students with experimental protocols
- Manage lab inventory and ordering

### Graduate Research Assistant

State University, Biology Dept | 2020 – 2022

- Learned basic microscopy and image analysis
- Presented poster at regional conference

### Undergraduate Research Assistant

State University | 2019 – 2020

- Assisted with PCR and gel electrophoresis
- Maintained lab notebooks

## PUBLICATIONS

1. Smith A, Williams B, **Johnson M**, et al. (2023) "Inflammatory markers in tissue repair." *Journal of Regional Biology*. Contributing author.

## SKILLS

**Laboratory:** Cell culture (mammalian), Western blot, IHC, IF, basic microscopy, PCR, gel electrophoresis

**Software:** Microsoft Office, basic R, ImageJ

**Other:** Lab management, inventory systems

## PROFESSIONAL DEVELOPMENT

- Laboratory Safety Training (Completed)
- IACUC Animal Handling Certification (Completed)
- Bioinformatics Course - Coursera (In Progress)
